# EDITORIAL

## **Dr Nupur Shrirao**

**She is a consultant Prosthodontist and Esthetic Dentist. She is currently in the Editorial Committee of 'International Journal Of Innovative Research in Dental Sciences (IJIRDS)' and the reviewer Board of 'Journal of Internation Oral Health (JIOH)' and 'IP Annals of Prosthodontics & Retorative Dentistry (APRD).'**

It's spring season – the tender intermediate following cold winters and preceding hot summers. As Christina Rossetti famously said – 'Spring is when life's alive in everything!'

Now that we are warming up to seeing flowers around us blooming, let's also mine our minds – dig out the weeds and discover new shards of green grass in the form of novel trends and facts – helping us blossom in our field.

# SLEEP APNOEA IN CHILDREN

**Dr Archana Singh, Postgraduate Trainee in Pedodontics and Preventive Dentistry. She is a music lover with writing as her passion.**

One of the major concerns about creating awareness in the field of sleep apnoea is that most people have a preconceived notion about how a patient suffering from sleep apnoea may look like.

The general thought that prevails in the minds of people is that always middle-aged overweight male should be suffering from sleep apnoea.

# CONNECTIVE TISSUE GRAFT IN TREATMENT OF RECESSION

**Dr Harshal Patil, Master of Dental Surgery in Periodontics and Implantology from Kandivali, East Mumbai.**

Normally, gingival margin is located at or coronal to cementoenamel junction (CEJ). When gingival margin migrates apical to CEJ, it is called a gingival recession. Gingival recession may occur due to excessive tooth brushing trauma.

# SCARCE GOVERNMENT FUNDING IN DENTAL RESEARCH IN INDIA

**Dr Manish, House Surgeon, NSVK Sri Venkateswara Dental College & Hospital, Bangalore. He has a passion for writing.**

The art and science of research has always been a see-saw affair as far as its progress is taken into consideration, especially in South East Asian countries, including India. The lack of expertise is not the only factor to be emphasised and stressed upon which has deciphered funding issues.
